For the third consecutive time we're organizing our annual AIMMS summit!

We are in the midst of a transition from the 20th century industrial age paradigm to the 21st century digital age paradigm. And we are only at the beginning of this transition. Spend one day with top leaders in supply chain to discuss your most pressing challenges in this paradigm shift. Take part in a variety of interactive sessions and multiple tracks, get inspired and share new ideas with peers at a wonderful location in the heart of Amsterdam.

MOTTO OF THE DAY:
Connect | Engage | Share | Inspire | Learn

LOCATION:
Zoku | Weesperstraat 105 | Amsterdam
